

EMI

FlexFit® EMI 208

Product Highlights

- Operating temperature up to +150°C (+302°F)
- Lightweight construction
- Expandable, conformable design
- Remains flexible on assembly
- Easy to install, saving time and labor
- Product available in black and orange

Typical Applications

- Xenon lighting
- Back-up cameras
- Engine Harness

Our manufacturing sites are certified ISO 9001, ISO/TS 16949, or AS/EN 9100, and ISO 14001

FFEMI208_07202017

FlexFit® EMI 208 is a lightweight, alternative to traditional EMI shielding products. Braided with high performance polyester and tinned copper yarns, its expandable, tubular construction allows the product to conform to assemblies without compromising flexibility. Unlike traditional films and foils, FlexFit EMI 208 is durable and tear resistant, enabling it to provide long term protection.

Performance Data – FlexFit® EMI 208

Property	Test Method	Result
Temperature Rating	240 hours at +175°C (+150°C rating)	Pass +150°C (+302°F)
Low Temperature Flexibility	BH100-016A	-70°C (-94°F)
Flammability	SAE J369	Self-extinguishing
Fluid Resistance	BH100-003B	Pass
Shielding Effectiveness	IEC 62153-4-3	See graph below

All numeric performance data shows average or typical values. Please consult your sales representative for product drawings, test reports and OEM approvals.

Shielding Effectiveness of Sleeving

Availability

FlexFit® EMI 208 is available in a range of sizes and cut to your specification. Color is black or orange. Please contact your sales representative for availability.
