

Product Description	Product	Purpose	Unique Features	Temp. Rating*	Design	Construction	Typical Applications
<p>QuietSleeve® is a flexible, tubular sleeve designed to provide an excellent level of noise suppression combined with a level of mechanical protection.</p>	 <p>QuietSleeve® 3008</p>	High acoustics and bundling		80°C (176°F)	Tubular	PET (polyester) non-woven and PP (polypropylene) scrim	<ul style="list-style-type: none"> • Door Harnesses • Instrument Panel Harnesses • Seat Harnesses • Roof Harnesses
	 <p>QuietSleeve® 3410</p>	Acoustics and bundling	<ul style="list-style-type: none"> • Light abrasion • Aesthetic appearance • Primarily for North American OEMs 	150°C (302°F)	Tubular	PET (polyester) monofilaments and multifilaments	<ul style="list-style-type: none"> • Interior Panels/ Harnesses • Tubing, Hose and Cable Assemblies • Seat, Headliner & Interior Wire Harnesses
	 <p>QuietSleeve® 3430</p>	Acoustics and bundling	<ul style="list-style-type: none"> • Light abrasion • Aesthetic appearance • Primarily for European OEMs 	150°C (302°F)	Tubular	PET (polyester) monofilaments and multifilaments	<ul style="list-style-type: none"> • Interior Panels/ Harnesses • Tubing, Hose and Cable Assemblies • Seat, Headliner & Interior Wire Harnesses
<p>QuietWrap™ is a flexible, wrappable sleeve designed to provide an excellent level of noise suppression combined with a level of mechanical protection.</p>	 <p>QuietWrap™ 3002</p>	High acoustics	<ul style="list-style-type: none"> • Integrated adhesive closure and locating system • External textile layer for increased durability 	150°C (302°F)	Wrappable	Abrasion resistant fabric and noise damping foam laminate with an adhesive backing	<ul style="list-style-type: none"> • Wire Harnesses • HVAC Systems • Cables • Hose or Tubing with Noise Conditions
	 <p>QuietWrap™ 3005</p>	High acoustics and bundling		80°C (176°F)	Wrappable	PET (polyester) non-woven	<ul style="list-style-type: none"> • Door Harnesses • Instrument Panel Harnesses • Seat Harnesses • Roof Harnesses
<p>TwistTube® is a flexible, wrappable sleeve that offers an excellent level of protection combining abrasion resistance with noise suppression capabilities.</p>	 <p>TwistTube® 2426</p>	Bundling and moderate to high abrasion specifically for sharp edge applications	Special construction provides superior noise suppression	150°C (302°F)	Wrappable	PET (polyester) monofilaments and multifilaments	<ul style="list-style-type: none"> • Seat Harnesses • Instrument Panel Harnesses • Engine Compartment Harnesses
<p>FlexWrap® is a flexible, wrappable sleeve that offers various unique performance solutions for specialized applications while continuing to deliver an excellent level of protection.</p>	 <p>FlexWrap® 3500</p>	Acoustics, mechanical protection, and crash situations	<ul style="list-style-type: none"> • Integrated adhesive closure and locating system • Primarily for European OEMs 	150°C (302°F)	Wrappable	PET (polyester) monofilaments and multifilaments	<ul style="list-style-type: none"> • Body Compartment Harnesses • Cable Assemblies • Tubings

* Temperature ratings may vary due to alternate OEM test requirements
